Mrs. H. A. Minor of Columbus is visiting relatives in Macon.

Mr. Sam Cunningham of Brooksville is visiting Mrs. Emmett Dantzler.

Mrs. Price Ivy and children of West Point are visiting Mrs. John R. Dinmore.

Mr. Chas. W. Jones, who has been with his father, left Tuesday for Montgomery.

Mrs. Richard Dare has had as her guest this week Mrs. T. A. S. Adams, of Virginia.

Miss Abby Woodward spent several days recently with Miss Estelle Patty at Bigbee Valley.

Mrs. Curtis Herbert and little daughter and Mrs. Julian Boggess and little Beth returned Wednesday from Jackson.

The many friends in Macon of Miss Christine Gressett of Meridian will be interested to know of her marriage to Mr. Gilbert Loper of the same city.

Mrs. Harden Brooks has spent the week with her sister at Dancy, Ala. She was the guest in Macon last week of Mrs. Angie Ames and Mrs. J. L. Hibbler.

The W. C. T. U. will hold their regular meeting Tuesday, November 9th, at the residence of Mrs. L. F. Holberg. The ladies are doing a fine work and have twenty-six members enrolled.

The following Macon people spent Sunday in Columbus: Mr. and Mrs. Walter Patty, Mr. and Mrs. Spessard, Miss Callaway Kirby, Miss Cox, Messrs. Stanley Jackson and Arthur Murphey.

Prof. J. E. Brown, of Blue Mountain, will be in Macon Sunday and will deliver a lecture Sunday evening at the Methodist church. Prof. Brown comes to Macon at the solicitation of the W. C. T. U.

THE BEACON long-time subscriber and old friend, Mr. J. E. Smith of Wet Water, was in town Wednesday to make the returns for the Fairport election precinct. This is a duty he has been performing as long back as the oldest of us can remember.

Mrs. W. P. Snowden returned Wednesday from New Orleans, where she went last week to accompany Mrs. Deupree. The latter's friends will be glad to know she is improving and will soon be able to return home.

Brig.-Gen. Eric C. Scales, adjutant-general of the Mississippi National Guard, has returned from a brief trip to Meridian, and is again at his desk in the National Guard headquarters in the state house.—Jackson News.

Prof. and Mrs. Breland and Mrs. Latham, of Shuqualak, were in town for a short time Wednesday afternoon. The public school at Shuqualak, of which Prof. Breland is principal, was suspended on Monday on account of the presence of diphtheria in that town.

THE BEACON as well as the many friends of Major E. B. Boyd was pleased to see him here for a few days this week. The Major tells us that the cotton crop is normal in the northern part of the State and that he hopes to handle a liberal share of the crop at New Albany. During Major Boyd's absence Mr. R. E. V. Yates will have charge of the insurance branch of his business and will be found at Major Boyd's office prepared to handle all branches of his insurance business.

Mr. John Kern, of Fowler, Ind., has been a reader of THE BEACON for the past year. What we have had to say of the country pleased him so much that he came down to see if we had exaggerated about it. That we had not is evidenced by the fact that he purchased this week 165 acres near Prairie Point and will move with his family in a short time. Mr. Gaben from the same state, was also a visitor in the county, and was so well pleased with the consolidated schools, the macadamized roads and other evidences of prosperity that he intends to make this his future home, that is, if he can get the consent of his better half, whom he has gone home to consult.

Doctor and Mr. Will Bush returned sometime the early part of the week from Jackson, where they went on Thursday last to see the Fair. They went by way of Louisville, Kosciusko and Canton, leaving Macon at 2 o'clock and spent that night in Canton. They found the roads fairly good all the way and did not have a puncture until they got on the pike road close to Jackson.

They came back by way of Meridian and Livingston, Ala., passing through thirteen counties in all. Mr. Will Bush says he did not see any land on the entire trip that compares to the lands of Noxubee, nor did he see any crop that looked as good to him as his 400 acres of peanuts. The only unlucky thing about the trip to Dr. Bush was that he did not get to Jackson the day before, as the Ford Auto Company had offered a prize of \$25 and a set of tires to the person coming the greatest distance in a Ford car. Had they reached Jackson Thursday instead of Friday, they would have won the prize. The only unpleasantness that Mr. Will Bush has to remember of the trip was the mean trick the doctor played on him by killing the engine of the car in the middle of a creek and he had to get out in the water to crank it.

HERBERT DRUG CO.

Ephraim Cotton Loses House.

Ephraim Cotton, one of the oldest colored citizens of the county, as well as one of the worthiest, being honest, industrious and thrifty, suffered a severe loss last Sunday because of the lack of another virtue, Caution. Ephraim had all of this year's crop, which like all of his neighbors, was short, stored in a shed room of his house and Sunday afternoon, while he and his wife were at a meeting some of his grandchildren struck a match while playing in the cotton and almost in a minute's time the entire place was ablaze. His loss, besides the house, was four bales of cotton and seed and it is said he had \$65 of \$70 in money that was burned. The wind being in the right direction, saved his crib containing all his corn and fodder. Had Ephraim put his money in the bank and his cotton in a warehouse this story could never have been written.
